Madhab Chandra Das

Graduate Research Assistant @ SHSU | PhD in Digital & Cyber
Forensic
Huntsville, Texas, United States

Summary

I am a Researcher and Graduate Research Assistant at Sam Houston State University (SHSU), where my work focuses on digital forensic investigation, ethical hacking, cybersecurity, and machine learning applications in digital forensics.

Alongside my research, I serve as a Teaching Assistant for Java II, mentoring students in programming and software development. My current projects involve developing forensic tools for investigators and exploring how AI and automation can enhance cyber defense and evidence analysis.

I am passionate about advancing cybersecurity research and digital forensics innovation to build smarter, more resilient systems against evolving cyber threats.

I am open to any research collaboration that intersects my interests.
